Local restrictions – outside of London

Outside of London there are numerous other restrictions for heavy goods vehicles both in town centres and rural areas of outstanding natural beauty. Drivers should follow the special signs guiding them through or around areas where restrictions are in place.

More and more cities in the UK are introducing Clean Air Zones. Information on those and other LEZs or city access regulations can be found at www.urbanaccessregulations.eu or <https://www.gov.uk/guidance/driving-in-a-clean-air-zone> .

Scottish LEZs in Aberdeen, Dundee, Edinburgh, Glasgow all became enforceable by Spring 2024. Vehicles must be Euro 6 to enter the zones. There is no pre-registration process therefore ALL owners of foreign vehicles who enter the zones will receive a penalty notice letter, which will need responding to with the evidence proving the Euro rating of the vehicle to enable a retraction of the penalty to be given.
