## General Information

### Short summary

The company from Lithuania is an importer and distributor of raw materials for the food, cosmetics and household industry. It is looking for producers or suppliers of fig, apricot and raisin paste. Cooperation under a supplier agreement or commercial agreement is offered to the potential partners.

### Full description

The Lithuanian company has been an importer and distributor of raw materials for the food, cosmetics and household industry since 1997. The company seeks to diversify its import markets and therefore it is looking for new partners in Europe.

Currently the most important raw materials are fig, apricot, raisin paste for use in food production. Products might be conventional and/or organic.

Paste is a sweet and thick spread. It is often used as a base for protein bars.

Potential partners might be producers of the above-mentioned products. Cooperation under the supplier agreement or commercial agreement might be offered to them.

#### Advantages and innovations

- Almost 30 years experience in the field;
- The company has a wide net of partners (buyers) in the Baltic countries, that is growing constantly every year;
- It has carefully selected partners (suppliers);
- Best quality products;
- Highly professional attitude;
- Flexible attitude to clients' requests;
- Responsible compliance with agreed terms and conditions.

#### Technical specification or expertise sought

- Fig, apricot, raisin paste;
- Conventional and/or organic;
- Without any additives (no flavors, colorants, maltodextrine ect.);
- Quantity 500 kg to 140 tons annual (1 EUR-pallet start order);
- High-quality products under a competitive price.
