## General Information

### Short summary

The Lithuanian company executes infrastructure projects in the Baltic states and Scandinavian countries. The company is looking for long-term partners to supply pre-painted galvanized steel coil. The supplier or manufacturing agreements are offered to potential partners.

### Full description

The Lithuanian company has executed infrastructure projects in the Baltic states and Scandinavian countries since 2015. The company specializes in projects, including: complex steel structures for bridges and other parts of infrastructure, noise reduction systems for roads and railways and other projects that require custom solutions, technical supervision and quality control, timely delivery and installation.

For continuous production of serial steel cassette products, the company is looking for partners to manufacture or supply pre-painted galvanized steel coil.

The supplier or manufacturing agreements are offered to the potential partners.

#### Advantages and innovations

- Experience in complex transnational infrastructure projects since 2015.
- Team of skilled specialists.
- End-to-End Solutions: The company offers a complete service from design to installation, simplifying project management.
- Versatility: The expertise in multiple materials allows this company to handle various infrastructure projects, from bridges and buildings to road or railway noise reduction projects.
- Efficiency: Integrated services can reduce costs and timelines, ensuring companies' projects are completed efficiently.
- Quality and Sustainability: Control over production ensures companies high quality and allows for sustainable material choice.
- Export turnover - 90 % currently.

#### Technical specification or expertise sought

- The company is looking for a supplier for pre-painted galvanized steel coil / strip.
  - DX51D + Z275 / ZM120 galvanized coil in thickness of 0.8mm and 1.0mm
  - Used in outdoor applications (vertical placement of produced products)
  - C4 corrosion class with 20+ years service life of coating
  - Anti-graffiti properties (additional layer not required as long as the graffiti can be washed with a waterjet from without the use of chemical cleaners)
  - RAL 7035 colour with 20-50% gloss (with possibility to order other RAL colours)
  - Coil shall be suitable for cold roll forming (product maximum angle is 90° with radius of 1T)
  - Expected yearly quantities for production:
    - 0.8x490mm pre-painted coil strip – 185000 kg
    - 1.0x800mm pre-painted coil strip – 385000 kg
- Note: coil weight up to 3500 kg
- All markets are equally interesting.
